Profile

Computer Science Student at the University of Jeddah with a strong foundation in full-stack web development. Experienced in building responsive interfaces and managing databases using MySQL and Node.js. Passionate about developing scalable and efficient software solutions, with a focus on continuous learning and practical implementation.

Education

Bachelor of Computer Science

University of Jeddah — (2022 – Present)

GPA: 4.66 / 5

Project

Hajj & Umrah Platform (Full-Stack Web Application)

- Frontend: Built responsive interfaces using HTML, CSS, and JavaScript.
- Backend: Developed server-side logic and request handling with Node.js.
- Database: Integrated MySQL for efficient data storage and retrieval.
- Validation: Implemented secure user forms with real-time data validation.

Motivational Quotes Web Application

- Built a web app that fetches and displays quotes from an external API using AJAX
- Implemented dynamic content updates using JavaScript

Skills

Technical Skills

- Programming Languages: Java, Python, C, SQL
- Frontend: HTML, CSS, JavaScript
- Backend: Node.js
- Databases: MySQL
- Tools: Git, GitHub, Visual Studio Code
- UI Development: Figma

Management and Soft Skills

- Problem Solving and Critical Thinking
- Communication and Teamwork
- Adaptability and Decision Making
- Attention to Detail
- Time Management

Certifications

- **Prerequisite Courses of Artificial Intelligence - Python Basics**, University of Michigan, Nov 2025
- **Introductory Artificial Intelligence**, KAUST, Jan 2025
- **Introduction to Web Development with (HTML, CSS, JavaScript)**, IBM, Nov 2024

Languages

- Arabic
- English
