

JORY OMAR BAHARETH

Artificial Intelligence Student

Phone: 0554062613 **Email:** 2612700@uj.edu.sa **LinkedIn:** linkedin.com/in/jorybahareth

| PROFESSIONAL SUMMARY

Artificial Intelligence student at the University of Jeddah with a strong interest in Machine Learning and AI-driven solutions. Passionate about building intelligent systems and applying technical skills to real-world challenges. Continuously developing expertise through hands-on projects and certified training programs.

| EDUCATION

Bachelor of Artificial Intelligence (Preparatory Year)

University of Jeddah | Expected Graduation: 2030

| SKILLS

Programming Languages: Python, C Language, Java

Technical Skills: UI/UX Fundamentals, Basic Cybersecurity, Basic Data Analysis

Soft Skills: Problem-Solving, Teamwork, Leadership

| PROJECTS

Smart Library Management System | C Programming

- Developed an automated system to track and calculate the number of available books in real-time.
- Implemented a student ID lookup feature to immediately verify and display a student's book borrowing history.
- Utilized structured data programming to ensure efficient record management and precise data retrieval.

Clinic Management System | C Programming

- Developed a structured management tool to handle patient and physician data records.
- Leveraged C Structures and Arrays to ensure efficient data organization and retrieval.
- Designed an interactive user interface for seamless data entry and system navigation.

| CERTIFICATIONS & TRAINING

- **CS50's Introduction to Cybersecurity** – HarvardX (Harvard University)
- **Artificial Intelligence Skills Bootcamp** – Midocean University
- **Excel Program Bootcamp for Data Processing & Analysis** – King Khalid University & PASDS
- **Introduction to Robotics: Basics & Concepts Workshop** – Taif University (College of Computers and Information Technology)
- **Building a Personal AI Assistant to Boost Productivity Workshop** – University of Jeddah (Ministry of Communications and Information Technology)
- **Effective Use of Artificial Intelligence in Academic & Professional Environments Workshop** – King Saud University (Beyond AI Initiative)
- **How to Build an AI Chatbot Workshop** – King Saud University (Beyond AI Initiative)

- **Malicious Software Attendance Certificate** – Princess Nourah bint Abdulrahman University (Cybersecurity Club)
