SUMMARY

Software Engineering student with hands-on experience in building web applications and designing user-centered interfaces. Strong foundation in Java, Object-Oriented Programming (OOP), software development lifecycle (SDLC), data structures, and basic unit testing, with practical experience in API development and UI/UX design. Seeking an internship to apply technical skills in real-world software development environments.

EDUCATION

2023-2027

Bachelor's Degree in Software Engineering

Faculty of Computer science and engineering | University of Jeddah

GPA: 4.99/5

PROJECTS

My Resume Website – Personal Portfolio

- Developed a responsive personal resume website using HTML and CSS.
- Implemented structured layout with semantic HTML and Flexbox.
- Focused on clean UI design and usability to enhance user experience.

TaskBee – Task Management System

- Developed a Java-based task management application, and applying OOP principles.
- Designed user-friendly interfaces to improve usability.
- Worked in a team environment following basic SDLC practices.

MedPlus – UI/UX Design

- Conducted user research to identify users needs, translating insights into clear system requirements.
- Designed intuitive user interfaces and interactive prototypes to visualize workflows and validate design decisions.

SKILLS

Technical skills:

- Programming Languages: Java, Python, SQL
- Web Development: HTML, CSS, JavaScript
- Software Development: SDLC, Requirements Analysis, System Design, Object-Oriented Programming (OOP), Data Structures, Software Testing, Unit Testing (JUnit), REST APIs
- Tools & Technologies: Git, Github, Figma, VS Code
- UI/UX: Wireframing, Prototyping, User Interface Design

Soft Skills:

- Problem-solving, Analytical thinking, Team collaboration, Time management, Attention to detail

COURSES

API (Application Programming Interface)

April 2026

Satr (Tuwaiq Academy) - Built hands-on experience in APIs, RESTful services, and database integration.

April 2026

Python Basics

Coursera - Gained foundational knowledge in Python programming and basic problem-solving.

Jun 2025 - Oct 2025

UI/UX Bootcamp

Newtech - Applied user research, wireframing, prototyping, and UI/UX design.

VOLUNTEER EXPERIENCE

Software Engineering Student Club

2023 -2024

Leader of Graphic Design Committee

- Led and managed multiple design projects, ensuring deadlines were met.
- Collaborated with committees to ensure designs aligned with project goals.

LANGUAGES

- Arabic (Native)
- English (Fluent)
